# 1. EUROPEAN INSTRUMENT FOR DEMOCRACY AND HUMAN RIGHTS (EIDHR)

## 1.1. BACKGROUND

The European Union (EU) is founded on the principles of liberty, democracy, respect for human rights and the rule of law. One of the EU's central roles is to promote and support democracy and human rights worldwide, in line with Article 21(2) of the Treaty on European Union, which defines democracy, rule of law and the universality and indivisibility of human rights and fundamental freedoms as guiding principles of the EU's external action.

Human rights and democracy are important areas of EU cooperation, and activities in this sector are supported through a number of financial and policy instruments. The European Instrument for Democracy and Human Rights (EIDHR) is one of these and is designed to contribute to the development and consolidation of democracy and the rule of law and respect of all human rights and fundamental freedoms in third countries worldwide. In pursuing this aim, the EIDHR strongly emphasises the role of civil society organisations.

The current EIDHR was established by the Regulation adopted by the European Parliament and the Council in March 2014<sup>1</sup>. The instrument aims to promote and support democracy and human rights worldwide allowing for assistance to be provided independently of the consent of the governments and public authorities of the third countries concerned. Thereby, the EIDHR intends to contribute to the development and consolidation of democracy, the rule of law, and respect for all human rights and fundamental freedoms within the framework of the EU's policy on development cooperation with third countries, consistently with the EU's foreign policy<sup>2</sup> as a whole.

The instrument allows for a broad and comprehensive approach that can provide support to participatory and representative democracy as well as the promotion and protection of human rights and fundamental freedoms. It also highlights that the principles of non-discrimination on any ground, gender mainstreaming, participation, empowerment, accountability and transparency shall be taken into account and that the priorities guiding the implementation shall be directly related to the situation in the country.

To implement the EIDHR, in line with the overarching objectives of the European Commission's Multi-Annual Indicative Programme 2014-2017, each EU Delegation defines the objectives and priorities of the Call for Proposals to be launched in the identified partner countries.

This Call for Proposals is the second one under the EIDHR in South Sudan and combines funds allocated through the Country-Based Support Scheme (CBSS) from 2014 and 2015. The first Call for Proposals, launched in 2013, has supported more than ten projects in the area of women's rights, children's rights, environmental rights, democratisation and peace building.

## 1.2. OBJECTIVES OF THE PROGRAMME AND PRIORITY ISSUES

The **global objective** of this Call for Proposals is to assist the people of South Sudan in achieving a functioning and sustainable democracy built on the rule of law and the respect of human rights.

The **specific objective** of this Call for Proposals is to strengthen South Sudanese civil society, human rights defenders and other human rights actors, enabling them to actively promote and protect human rights in a conflict-sensitive way.

All applications **must** address the following overarching **priority**:

---

<sup>1</sup> <http://eur-lex.europa.eu/LexUriServ/LexUriServ.do?uri=OJ:L:2014:077:0085:0094:EN:PDF> - Regulation (EC) No 235/2014 replaces Regulation (EC) No 1889/2006 of the European Parliament and of the Council.

<sup>2</sup> The Joint Communication of the European Commission and the EU High Representative for Foreign Affairs and Security Policy "Human Rights and Democracy at the Heart of EU External Action – towards a more effective approach" spells out the need for coherence in mainstreaming human rights into external policies. The Joint Communication led to the adoption of the EU Strategic Framework and Action Plan on Human Rights and Democracy in June 2012, according to which "the EU will promote human rights in all areas of its external action without exception".

- Actions must be designed with a clear **conflict-sensitive approach** (i.e. activities have to prevent negative and, if possible, maximize positive impacts of the action on conflict and violence factors).

Additional priority (evaluation criterion 1.1, Concept note) will be given to actions that:

- Target **community-based organisations** and **grass-root movements** as well as particularly **marginalized communities** and those in **remote areas** in the country.

The following will be considered as an added-value (evaluation criterion 1.4, Concept note):

- Inclusion of **concrete prevention/protection/rehabilitation elements, allowing for the exercise of rights in practice.**

### 1.3. FINANCIAL ALLOCATION PROVIDED BY THE CONTRACTING AUTHORITY

The overall indicative amount made available under this Call for Proposals is **EUR 1,800,000**. The Contracting Authority reserves the right not to award all available funds.

#### Size of grants

Any grant requested under this Call for Proposals must fall between the following minimum and maximum amounts:

- minimum amount: **EUR 100,000**
- maximum amount: **EUR 400,000**

Any grant requested under this Call for Proposals must fall between the following minimum and maximum percentages of total eligible costs of the action:

- Minimum percentage: **51%** of the total eligible costs of the action
- Maximum percentage: **95%** of the total eligible costs of the action (see also section 2.1.5)

The balance (i.e. the difference between the total cost of the action and the amount requested from the Contracting Authority) must be financed from sources other than the European Union Budget or the European Development Fund<sup>3</sup>.

## 2. RULES FOR THIS CALL FOR PROPOSALS

These guidelines set out the rules for the submission, selection and implementation of the actions financed under this Call, in conformity with the Practical Guide, which is applicable to the present call (available on the Internet at this address: <http://ec.europa.eu/europeaid/prag/document.do?locale=en>).

### 2.1. ELIGIBILITY CRITERIA

There are three sets of eligibility criteria, relating to:

- (1) the actors:

---

<sup>3</sup> Where a grant is financed by the European Development Fund, any mention of European Union financing must be understood as referring to European Development Fund financing.

- The **applicant**, i.e. the entity submitting the application form (2.1.1),
- if any, its **co-applicant(s)** (where it is not specified otherwise the applicant and its co-applicant(s) are hereinafter jointly referred as the "applicants") (2.1.1),
- and, if any, **affiliated entity(ies)** to the applicant and/or to a co-applicant(s). (2.1.2);

(2) the actions:

Actions for which a grant may be awarded (2.1.4);

(3) the costs:

- types of cost that may be taken into account in setting the amount of the grant (2.1.5).

### ***2.1.1. Eligibility of applicants (i.e. applicant and co-applicant(s))***

#### **Applicant**

(1) In order to be eligible for a grant, the applicant must:

- be a legal person **and**
- be non-profit-making **and**
- belong a specific type of organisation<sup>4</sup>:
  - (a) civil society organisations, including non-governmental non-profit organisations, community-based organisations and private-sector non-profit agencies, institutions and organisations and networks thereof at local, national, regional and international level; **or**
  - (b) public-sector non-profit-agencies, institutions and organisations and networks at local, national, regional and international level<sup>5</sup>; **and**
- have demonstrated capacity and experience of at least two years to manage activities of a scale corresponding to the size and in the sector of the grant requested **and**
- be directly responsible for the preparation and management of the action with the co-applicant(s) and affiliated entity(ies), not acting as an intermediary.

#### **Political parties are not eligible under this Call for Proposals.**

(2) The potential applicant may not participate in calls for proposals or be awarded grants if it is in any of the situations listed in Section 2.3.3 of the Practical Guide.

In Part A, section 3 of the grant application form ('Declaration by the applicant'), the applicant must declare that the applicant himself, the co-applicant(s) and affiliated entity(ies) are not in any of these situations.

**The applicant may act individually or with co-applicant(s). Applicants who are established in a country other than South Sudan must act with at least one South Sudanese co-applicant.**

<sup>4</sup> Art. 11 of the Regulation (EU) No 236/2014 of the European Parliament and of the Council of 11 March 2014 establishing a financing instrument for democracy and human rights worldwide in the framework of the common rules and procedures for the implementation of the Union's instruments for financing external action (CIR).

<sup>5</sup> National public-sector institutions include National Human Rights Institutions.

If awarded the Grant contract, the applicant will become the Beneficiary identified as the Coordinator in annex E3h1 (Special Conditions). The Coordinator is the main interlocutor of the Contracting Authority. It represents and acts on behalf of any other co-beneficiary (if any) and coordinate the design and implementation of the Action.

### **Co-applicant(s)**

Co-applicant(s) participate in designing and implementing the action, and the costs they incur are eligible in the same way as those incurred by the applicant.

Co-applicant(s) must satisfy the eligibility criteria as applicable to the applicant himself.

Co-applicant(s) must sign the Mandate in Part B section 4 of the grant application form.

If awarded the Grant contract, the co-applicant(s) (if any) will become beneficiaries in the Action (together with the Coordinator).

## **2.1.2. *Affiliated entities***

The applicant and its co-applicant(s) may act with affiliated entity(ies).

**Only the following entities may be considered as affiliated entities to the applicant and/or to co-applicant(s):**

Only entities having a structural link with the applicants, in particular a legal or capital link.

This structural link encompasses mainly two notions:

- (i) Control, as defined in Directive 2013/34/EU on the annual financial statements, consolidated financial statements and related reports of certain types of undertakings:

Entities affiliated to a beneficiary may hence be:

- Entities directly or indirectly controlled by the beneficiary (daughter companies or first-tier subsidiaries). They may also be entities controlled by an entity controlled by the beneficiary (granddaughter companies or second-tier subsidiaries) and the same applies to further tiers of control;
  - Entities directly or indirectly controlling the beneficiary (parent companies). Likewise, they may be entities controlling an entity controlling the beneficiary;
  - Entities under the same direct or indirect control as the beneficiary (sister companies).
- (ii) Membership, i.e. the beneficiary is legally defined as a e.g. network, federation, association in which the proposed affiliated entities also participate or the beneficiary participates in the same entity (e.g. network, federation, association) as the proposed affiliated entities.

The structural link shall as a general rule be neither limited to the action nor established for the sole purpose of its implementation. This means that the link would exist independently of the award of the grant; it should exist before the call for proposals and remain valid after the end of the action.

By way of exception, an entity may be considered as affiliated to a beneficiary even if it has a structural link specifically established for the sole purpose of the implementation of the action in the case of so-called “sole applicants” or “sole beneficiaries”. A sole applicant or a sole beneficiary is an entity formed by several entities (a group of entities) which together comply with the criteria for being awarded the grant. For example, an association is formed by its members.

### **What is not an affiliated entity?**

The following are not considered entities affiliated to a beneficiary:

- Entities that have entered into a (procurement) contract or subcontract with a beneficiary, act as concessionaires or delegates for public services for a beneficiary,
- Entities that receive financial support from the beneficiary,
- Entities that cooperate on a regular basis with the beneficiary on the basis of a memorandum of understanding or share some assets,
- Entities that have signed a consortium agreement under the grant contract.

#### How to verify the existence of the required link with the beneficiary?

The affiliation resulting from control may in particular be proved on the basis of the consolidated accounts of the group of entities the beneficiary and its proposed affiliates belong to.

The affiliation resulting from membership may in particular be proved on the basis of the statutes or equivalent act establishing the entity (network, federation, association) which the beneficiary constitutes or in which the beneficiary participates.

If the applicants are awarded a contract, their affiliated entity(ies) will not become Beneficiary(ies) of the Action and signatory(ies) of the Contract. However, they will participate in the design and in the implementation of the Action and the costs they incur (including those incurred for Implementation Contracts and Financial Support to third parties) may be accepted as eligible costs, provided they comply with all the relevant rules already applicable to the Beneficiary(ies) under the Grant Contract.

Affiliated entity(ies) must satisfy the same eligibility criteria as the applicant and the co-applicant(s). They must sign the affiliated entity(ies) statement in Part B section 5 of the grant application form.

### **2.1.3. Associates and Contractors**

The following entities are not applicant(s) nor affiliated entity(ies) and do not have to sign the "mandate" or "affiliated entities' statement":

- Associates

Other organisations may be involved in the action. Such associates play a real role in the action but may not receive funding from the grant, with the exception of per diem or travel costs. Associates do not have to meet the eligibility criteria referred to in section 2.1.1. Associates must be mentioned in Part B section 6 — 'Associates of the Applicant participating in the Action' — of the Grant Application Form.

- Contractors

The grant beneficiaries and their affiliated entities are permitted to award contracts. Associates or affiliated entity(ies) cannot be also contractors in the project. Contractors are subject to the procurement rules set out in Annex IV to the standard grant contract.

### **2.1.4. Eligible actions: actions for which an application may be made**

Definition: An action is composed of a set of activities.

#### Duration

The initial planned duration of an action **may not be lower than 12 months nor exceed 24 months**.

#### Sectors or themes

Actions must target **one** of the following sectors or themes:

- Women's rights (e.g. fight against gender-based violence and harmful practices);
- Children's rights, including children in armed conflict;
- Rights of persons with disabilities;
- Eradication of torture and other cruel, inhumane or degrading treatment or punishment;
- Freedom of expression and press freedom.

### Location

Actions must take place in **South Sudan**.

### Types of action

Projects should be self-contained operations indicating a coherent set of activities with clearly defined operational objectives, target groups and planned, tangible outcomes, within a limited timeframe. Activities should be designed to meet the specific needs of the target groups identified by the project. The proposed actions should be designed to produce specific, measurable results in response to identified problems.

Proposals must be based on concrete, recent, and verifiable information (to be included in the Full Application Form) that can clearly identify specific problems and the related constraints (social, economic and political). It is thus necessary to set clear objectives based on specifically tailored strategies and intervention methodologies that incorporate complementary, consistent activities suitable for tackling the identified problems directly. The means to be deployed should stem logically from this approach.

Actions will be selected on the basis of expected results, potential effectiveness and sustainability. Each action should have its own performance and success indicators, which must be objective and verifiable. Actions should include appropriate measures for monitoring the proposed activities and to carry out (an) evaluation(s).

Actions must be structured to ensure complementarity, to develop synergies and avoid duplication with other interventions already in place (governmental or donor-funded).

**Cross-cutting issues** for the implementation of this Action include: promotion of human rights, gender equality, democracy, good governance, children's rights and indigenous peoples, environmental sustainability and combating HIV/AIDS, non-discrimination, the rights of persons belonging to minorities, the rights of persons with disabilities and other vulnerable groups.

The following types of action are **ineligible**:

- actions concerned only or mainly with individual sponsorships for participation in workshops, seminars, conferences and congresses;
- actions concerned only or mainly with individual scholarships for studies or training courses;
- one-off conferences: Conferences can only be funded if they form part of a wider range of activities to be implemented in the life-time of the action. For these purposes, preparatory activities for a conference and the publication of the proceedings of the conference do not, in themselves, constitute such "wider activities";
- actions which consist exclusively or primarily in capital expenditure, e.g. land, buildings, equipment and vehicles;
- actions which discriminate against individuals or groups of people on grounds of their gender, sexual orientation, religious beliefs or lack of them, or their ethnic origin;
- actions supporting individual political parties;
- academic research;
- actions including proselytism.

### Types of activity

Within the objectives and sectors/themes as outlined above, the following activities may be financed under the present Call for Proposals. Actions should include an appropriate mix of activities such as:

- Development and offer of specific services for prevention, protection and rehabilitation
- Training and provision of tools to conduct evidence-based monitoring and reporting
- Investigation, reporting and accountability initiatives
- Psychological counselling
- Awareness-raising
- Dialogue between community, district, State and central levels
- Communication and public information campaigns
- Policy analysis
- Advocacy and lobbying
- Development of national and/or local networks, platforms, coalitions and campaigns
- Research, evaluation, studies
- Joint activities with public institutions and parliamentary bodies

#### Financial support to third parties<sup>6</sup>

Applicants may propose financial support to third parties in order to help achieving the objectives of the action.

The maximum amount of financial support per third party is EUR 60,000.

Under this Call, financial support to third parties may not be the main purpose of the action.

In compliance with the present guidelines and notably of any conditions or restrictions in this section, applicants should define mandatorily in section 2.1.1 of the grant application form:

- (i) the objectives and results to be obtained with the financial support
- (ii) the different types of activities eligible for financial support, on the basis of a fixed list
- (iii) the types of persons or categories of persons which may receive financial support
- (iv) the criteria for selecting these entities and giving the financial support
- (v) the criteria for determining the exact amount of financial support for each third entity, and
- (vi) the maximum amount which may be given.

In all events, the mandatory conditions set above for giving financial support (points (i) to (vi)) have to be strictly defined in the contract as to avoid any exercise of discretion.

#### Visibility

The Applicants must take all necessary steps to publicise the fact that the European Union has financed or co-financed the Action. As far as possible, actions that are wholly or partially funded by the European Union must incorporate information and communication activities designed to raise the awareness of specific or general audiences of the reasons for the action and the EU support for the action in the country or region concerned, as well as the results and the impact of this support.

Applicants must comply with the objectives and priorities and guarantee the visibility of the EU financing (see the Communication and Visibility Manual for EU external actions specified and published by the European Commission at [http://ec.europa.eu/europeaid/funding/communication-and-visibility-manual-eu-external-actions\\_en](http://ec.europa.eu/europeaid/funding/communication-and-visibility-manual-eu-external-actions_en)).

---

<sup>6</sup> These third parties are neither affiliated entity(ies) nor associates nor contractors.

### Number of applications and grants per applicants

The applicant may not submit more than one application under this Call for Proposals.

The applicant may not be awarded more than one grant under this Call for Proposals.

The applicant may not be a co-applicant or an affiliated entity in another application at the same time.

A co-applicant/affiliated entity may not submit more than one application under this Call for Proposals.

A co-applicant/affiliated entity may not be awarded more than one grant under this Call for Proposals.

A co-applicant/affiliated entity may not be the applicant or an affiliated entity in another application at the same time.

### ***2.1.5. Eligibility of costs: costs that can be included***

Only 'eligible costs' can be covered by a grant. The categories of costs that are eligible and non-eligible are indicated below. The budget is both a cost estimate and an overall ceiling for 'eligible costs'.

The reimbursement of eligible costs may be based on any or a combination of the following forms:

- actual costs incurred by the Beneficiary(ies) and affiliated entity(ies)
- one or more simplified cost options.

Simplified cost options may take the form of:

- **unit costs:** covering all or certain specific categories of eligible costs which are clearly identified in advance by reference to an amount per unit.
- **lump sums:** covering in global terms all or certain specific categories of eligible costs which are clearly identified in advance.
- **flat-rate financing:** covering specific categories of eligible costs which are clearly identified in advance by applying a percentage fixed ex ante.

The amounts or rates have to be based on estimates using objective data such as statistical data or any other objective means or with reference to certified or auditable historical data of the applicants or the affiliated entity(ies). The methods used to determine the amounts or rates of unit costs, lump sums or flat-rates must comply with the criteria established in Annex K, and especially ensure that the costs correspond fairly to the actual costs incurred by the Grant Beneficiary(ies) and affiliated entity(ies), are in line with their accounting practices, no profit is made and the costs are not already covered by other sources of funding (no double funding). Refer to Annex K for directions and a checklist of controls to assess the minimum necessary conditions that provide reasonable assurance for the acceptance of the proposed amounts.

The applicant proposing this form of reimbursement, must clearly indicate in worksheet no.1 of Annex B, each heading/item of eligible costs concerned by this type of financing, i.e. add the reference in capital letters to "UNIT COST" (per month/flight etc), "LUMPSUM" or "FLAT RATE" in the Unit column. (see example in Annex K)

Additionally in Annex B, in the second column of worksheet no.2, "Justification of the estimated costs" per each of the corresponding budget item or heading the applicant must:

- describe the information and methods used to establish the amounts of unit costs, lump sums and/or flat-rates, to which costs they refer, etc.

- clearly explain the formulas for calculation of the final eligible amount<sup>7</sup>
- identify the beneficiary who will use the simplified cost option (in case of affiliated entity, specify first the beneficiary), in order to verify the maximum amount per each beneficiary (which includes if applicable simplified cost options of its affiliated entity(ies))

At contracting phase, the Contracting Authority decides whether to accept the proposed amounts or rates on the basis of the provisional budget submitted by the applicant, by analysing factual data of grants carried out by the applicant or of similar actions and by performing checks established by Annex K.

The total amount of financing on the basis of simplified cost options that can be authorised by the Contracting Authority for any of the applicants individually (including simplified cost options proposed by their own affiliated entities) cannot exceed EUR 60 000 (the indirect costs are not taken into account).

Recommendations to award a grant are always subject to the condition that the checks preceding the signing of the contract do not reveal problems requiring changes to the budget (such as arithmetical errors, inaccuracies, unrealistic costs and ineligible costs). The checks may give rise to requests for clarification and may lead the Contracting Authority to impose modifications or reductions to address such mistakes or inaccuracies. It is not possible to increase the grant or the percentage of EU co-financing as a result of these corrections.

It is therefore in the applicant's interest to provide a **realistic and cost-effective budget**.

#### Eligible direct costs

To be eligible under the Call for Proposals, costs must comply with the provisions of Article 14 of the General Conditions to the Standard Grant Contract (see Annex G of the Guidelines).

#### Contingency reserve

The budget may include a contingency reserve not exceeding 5 % of the estimated direct eligible costs. It can only be used with the **prior written authorisation** of the Contracting Authority.

#### Eligible indirect costs

The indirect costs incurred in carrying out the action may be eligible for flat-rate funding, but the total must not exceed 7 % of the estimated total eligible direct costs. Indirect costs are eligible provided that they do not include costs assigned to another budget heading in the standard grant contract. The applicant may be asked to justify the percentage requested before the contract is signed. However, once the flat rate has been fixed in the special conditions of the standard grant contract, no supporting documents need to be provided.

If any of the applicants or affiliated entity(ies) is in receipt of an operating grant financed by the EU, it may not claim indirect costs on its incurred costs within the proposed budget for the action.

#### Contributions in kind

Contributions in kind mean the provision of goods or services to a Beneficiary(ies) or affiliated entity(ies) free of charge by a third party. As contributions in kind do not involve any expenditure for a Beneficiary(ies) or affiliated entity(ies), they are not eligible costs.

Contributions in kind may not be treated as co-financing.

---

<sup>7</sup> Examples: - for staff costs: number of hours or days of work \* hourly or daily rate pre-set according to the category of personnel concerned;- for travel expenses: distance in km \* pre-set cost of transport per km; number of days \* daily allowance pre-set according to the country;- for specific costs arising from the organization of an event: number of participants at the event \* pre-set total cost per participant etc.

However, if the description of the action as proposed includes contributions in kind, the contributions have to be made.

### Ineligible costs

The following costs are not eligible:

- debts and debt service charges (interest);
- provisions for losses or potential future liabilities;
- costs declared by the Beneficiary(ies) and financed by another action or work programme receiving a Union (including through EDF) grant;
- purchases of land or buildings, except where necessary for the direct implementation of the action, in which case ownership must be transferred to the final beneficiaries and/or local Beneficiary(ies), at the latest at the end of the action;
- currency exchange losses;
- credit to third parties;
- salary costs of the personnel of national administrations.

## **2.2. HOW TO APPLY AND THE PROCEDURES TO FOLLOW**

Prior registration in PADOR for this Call for Proposals is obligatory.

- **Phase 1, concept note:** Registration in PADOR is obligatory for an applicant applying for grants above EUR 60 000.

Registration is optional though strongly recommended for:

- An applicant applying for grants of EUR 60 000 or less;
- co-applicant(s) and affiliated entity(ies).
- **Phase 2, full proposal:** Registration in PADOR is obligatory for all pre-selected applicants, co-applicant(s) and all their affiliated entity(ies).

PADOR is an on-line database in which organisations register and update their data regularly, through the EuropeAid website: <http://ec.europa.eu/europeaid/pador>.

Before starting to register your organisation in PADOR, please read the ‘Quick guide’ on the website. It explains the registration process.

It is strongly recommended to register in PADOR when you start drafting your proposal and not to wait until just before the deadline of submission.

On the paper version of the proposal you must give your EuropeAid ID (EID). To get this ID, your organisation must enter PADOR to register, save and ‘sign’ certain obligatory data (the fields shown in orange on each screen) and the related documents (see section 2.4).

However, if it is impossible for the organisation to register in PADOR, it must submit a justification proving that this impossibility is general and beyond the control of the applicant and/or its affiliated entity(ies). In such cases, the applicants and/or affiliated entity(ies) concerned must complete the ‘PADOR off-line form’<sup>8</sup>

---

<sup>8</sup> Which corresponds to Sections 3 and 4 of Part B of the application form.

attached to these Guidelines and send it by the submission deadline, together with the application, to the address indicated in sections 2.2.2 and 2.2.6. The registration in PADOR will then be carried out by the European Commission service in charge of the Call for Proposals. If, at a later stage, the organisation wishes to update its data itself, it will have to send an access request to the PADOR helpdesk.

All questions related to registration in PADOR should be addressed to the PADOR helpdesk at: [EuropeAid-IT-support@ec.europa.eu](mailto:EuropeAid-IT-support@ec.europa.eu).

### **2.2.1. Concept Note content**

Applications must be submitted in accordance with the Concept Note instructions in the Grant Application Form annexed to these Guidelines (Annex A).

Applicants must apply in English.

In the Concept Note, applicants must only provide an estimate of the amount of contribution requested from the Contracting Authority and an indicative percentage of that contribution in relation to the total amount of the Action. Only the applicants invited to submit a full application in the second phase will be required to present a detailed budget. The elements outlined in the Concept Note may not be modified by the applicant in the full application form. The EU contribution may not vary from the initial estimate by more than 20 %. Applicants are free to adapt the percentage of co-financing required within the minimum and maximum amount and percentages of co-financing, as laid down in these Guidelines in section 1.3. Own contributions by the applicants can be replaced by other donors' contributions at any time.

Any error or major discrepancy related to the points listed in the Concept Note instructions may lead to the rejection of the Concept Note.

Clarifications will only be requested when information provided is not sufficient to conduct an objective assessment.

Hand-written Concept Notes will not be accepted.

Please note that only the Concept Note form will be evaluated. It is therefore of utmost importance that this document contains ALL relevant information concerning the action. No additional annexes should be sent.

### **2.2.2. Where and how to send Concept Notes**

The Concept Note together with its relating Checklist and Declaration by the applicant (to be found in **Part A sections 2 and 3** of the grant application form) must be submitted in one original and three copies in A4 size, each bound.

An electronic version of the Concept Note must also be submitted. A CD-Rom with the Concept Note in electronic format will be included, along with the paper version, in a sealed envelope as described below. The electronic file must contain **exactly the same** application as the paper version enclosed.

Where applicants send several different Concept Notes (if allowed to do so by the Guidelines of the Call), each one must be sent separately.

The outer envelope must bear the **reference number and the title of the call for proposals**, together with the full name and address of the applicant, and the words 'Not to be opened before the opening session'.

Concept Notes must be submitted in a sealed envelope by private courier service or by hand-delivery (a signed and dated certificate of receipt will be given to the deliverer) to the address below:

### ***2.2.5. Full Application forms***

An applicant invited to submit a full application form following pre-selection of their Concept Note must do so using Part B of the application form annexed to these Guidelines (Annex A). Applicants should then keep strictly to the format of the application form and fill in the paragraphs and pages in order.

The elements outlined in the Concept Note cannot be modified by the applicant in the full application form. The EU contribution may not vary from the initial estimate by more than 20 %, although applicants are free to adapt the percentage of co-financing required within the minimum and maximum amount and percentages of co-financing, as laid down in these Guidelines under section 1.3.

Applicants must submit their full applications in the same language as their Concept Notes.

Please complete the full application form carefully and as clearly as possible so that it can be assessed properly.

Any error related to the points listed in the Checklist (Part B, Section 7 of the Grant Application form) or any major inconsistency in the full application form (e.g. if the amounts in the budget worksheets are inconsistent) may lead to the rejection of the application.

Clarifications will only be requested when information provided is unclear and thus prevents the Contracting Authority from conducting an objective assessment.

Hand-written applications will not be accepted.

Please note that only the full application form and the published annexes which have to be filled in (budget, logical framework) will be transmitted to the evaluators (and assessors, if used). It is therefore of utmost importance that these documents contain ALL the relevant information concerning the action. **No supplementary annexes should be sent.**

### 2.3. EVALUATION AND SELECTION OF APPLICATIONS

Applications will be examined and evaluated by the Contracting Authority with the possible assistance of external assessors. All actions submitted by applicants will be assessed according to the following steps and criteria.

If the examination of the application reveals that the proposed action does not meet the eligibility criteria stated in paragraph 2.1, the application will be rejected on this sole basis.

#### (1) STEP 1: OPENING & ADMINISTRATIVE CHECKS AND CONCEPT NOTE EVALUATION

The following will be assessed:

- Compliance with the submission deadline. If the deadline has not been met, the application will automatically be rejected.
- The Concept Note satisfies all the criteria specified in points 1-5 of the Checklist (Section 2 of Part A of the grant application form). If any of the requested information is missing or is incorrect, the application may be rejected on that **sole** basis and the application will not be evaluated further.

The Concept Notes that pass the first administrative check will be evaluated on the relevance and design of the proposed action.

The Concept Note will receive an overall score out of 50 using the breakdown in the evaluation grid below. The evaluation will also check on compliance with the instructions on the Concept Note, which can be found in Part A of the Application Form.

The evaluation criteria are divided into headings and subheadings. Each subheading will be given a score between 1 and 5 as follows: 1 = very poor; 2 = poor; 3 = adequate; 4 = good; 5 = very good.

#### Scores

1. Relevance of the action	Sub-score	30
1.1 How relevant is the proposal to the objectives and priorities of the Call for Proposals?*	5x2**	
1.2 How relevant to the particular needs and constraints of the target country(ies) or region(s) is the proposal (including synergy with other EU initiatives and avoidance of	5x2**	

duplication)?		
1.3 How clearly defined and strategically chosen are those involved (final beneficiaries, target groups)? Have their needs been clearly defined and does the proposal address them appropriately?	5	
1.4 Does the proposal contain specific added-value elements, such as environmental issues, promotion of gender equality and equal opportunities, needs of disabled people, rights of minorities and rights of indigenous peoples, or innovation and best practices and the additional elements indicated in 1.2 of these Guidelines?	5	
<b>2. Design of the action</b>	Sub-score	<b>20</b>
2.1 How coherent is the overall design of the action?  In particular, does it reflect the analysis of the problems involved, take into account external factors and relevant stakeholders?	5x2**	
2.2 Is the action feasible and consistent in relation to the objectives and expected results?	5x2**	

**TOTAL SCORE**

**50**

\* Note: A score of 5 (very good) will only be allocated if the proposal specifically addresses more than the required minimum number of priorities as indicated in Section 1.2 (Objectives of the programme) of these guidelines

\*\*These scores are multiplied by 2 because of their importance.

Once all Concept Notes have been assessed, a list will be drawn up with the proposed actions ranked according to their total score.

Firstly, only the Concept Notes with a **score of at least 30** will be considered for pre-selection.

Secondly, the number of Concept Notes will be reduced, taking account of the ranking, to the number of Concept Notes whose total aggregate amount of requested contributions is equal to **200%** of the available budget for this Call for Proposals. The amount of requested contributions of each concept note will be based on the indicative financial envelopes for each lot.

After the evaluation of Concept Notes, the Contracting Authority will send letters to all applicants, indicating whether their application was submitted by the deadline, informing them of the reference number they have been allocated, whether the Concept Note was evaluated and the results of that evaluation. The pre-selected applicants will subsequently be invited to submit full applications.

## **(2) STEP 2: EVALUATION OF THE FULL APPLICATION**

Firstly, the following will be assessed:

- Compliance with the submission deadline. If the deadline has not been met, the application will automatically be rejected.

- The full application form satisfies all the criteria specified in points 1-9 of the Checklist (Section 7 of Part B of the grant application form). If any of the requested information is missing or is incorrect, the application may be rejected on that **sole** basis and the application will not be evaluated further.

The quality of the applications, including the proposed budget and capacity of the applicants and affiliated entity(ies), will be evaluated using the evaluation criteria in the evaluation grid below. There are two types of evaluation criteria: selection and award criteria.

**The selection criteria** help to evaluate the applicant(s)'s and affiliated entity(ies)'s operational capacity and the applicant's financial capacity and to ensure that they:

- have stable and sufficient sources of finance to maintain their activity throughout the proposed action and, where appropriate, to participate in its funding;
- have the management capacity, professional competencies and qualifications required to successfully complete the proposed action. This also applies to any affiliated entity(ies) of the applicants.

**The award criteria** help to evaluate the quality of the applications in relation to the objectives and priorities, and to award grants to projects which maximise the overall effectiveness of the Call for Proposals. They help to select applications which the Contracting Authority can be confident will comply with its objectives and priorities. They cover the relevance of the action, its consistency with the objectives of the Call for Proposals, quality, expected impact, sustainability and cost-effectiveness.

*Scoring:*

The evaluation grid is divided into sections and subsections. Each subsection will be given a score between 1 and 5 as follows: 1 = very poor; 2 = poor; 3 = adequate; 4 = good; 5 = very good.

#### **Evaluation Grid**

<b>Section</b>	<b>Maximum Score</b>

1.3 Do the applicants and, if applicable, their affiliated entity(ies) have sufficient management capacity? (Including staff, equipment and ability to handle the budget for the action)?	5

3.4 Is the co-applicant(s)'s and affiliated entity(ies)'s level of involvement and participation in the action satisfactory?	5
<b>4. Sustainability of the action</b>	<b>15</b>
4.1 Is the action likely to have a tangible impact on its target groups?	5
4.2 Is the proposal likely to have multiplier effects? (Including scope for replication, extension and information sharing.)	5
4.3 Are the expected results of the proposed action sustainable?  - financially ( <i>how will the activities be financed after the funding ends?</i> )  - institutionally ( <i>will structures allowing the activities to continue be in place at the end of the action? Will there be local 'ownership' of the results of the action?</i> )  - at policy level (where applicable) ( <i>what will be the structural impact of the action — e.g. will it lead to improved legislation, codes of conduct, methods, etc?</i> )  - environmentally (if applicable) ( <i>will the action have a negative/positive environmental impact?</i> )	5

<b>Maximum total score</b>	<b>100</b>

*Note on section 1. Financial and operational capacity*

If the total score for section 1 is less than 12 points, the application will be rejected. If the score for at least one of the subsections under section 1 is 1, the application will also be rejected.

*Provisional selection*

After the evaluation, a table will be drawn up listing the applications ranked according to their score and within the limits of the funds available. In addition, a reserve list will be drawn up following the same criteria to be used if more funds should become available during the validity period of the reserve list.

### **(3) STEP 3: VERIFICATION OF ELIGIBILITY OF THE APPLICANTS AND AFFILIATED ENTITY(IES)**

The eligibility verification, based on the supporting documents requested by the Contracting Authority (see Section 2.4) will only be performed for the applications that have been provisionally selected according to their score and within the available financial envelope.

- The Declaration by the applicant (Section 8 of Part B the grant application form) will be cross-checked with the supporting documents provided by the applicant. Any missing supporting document or any incoherence between the Declaration by the applicant and the supporting documents may lead to the rejection of the application on that sole basis.
- The eligibility of applicants, the affiliated entity(ies), and the action will be verified according to the criteria set out in Sections 2.1.1, 2.1.2 and 2.1.3.

Any rejected application will be replaced by the next best placed application on the reserve list that falls within the available financial envelope.

## **2.4. SUBMISSION OF SUPPORTING DOCUMENTS FOR PROVISIONALLY SELECTED APPLICATIONS**

An applicant that has been provisionally selected or placed on the reserve list will be informed in writing by the Contracting Authority. It will be requested to supply the following documents in order to allow the Contracting Authority to verify the eligibility of the applicant, (if any) of the co-applicant(s) and (if any) of their affiliated entity(ies)<sup>9</sup>:

Supporting documents may/must be provided through PADOR, see Section 2.2.

1. The statutes or articles of association of the applicant, (if any) of each co-applicant(s) and (if any) of each affiliated entity(ies)<sup>10</sup>. Where the Contracting Authority has recognised the applicant's, or the co-applicant(s)'s, or their affiliated entity(ies)'s eligibility for another call for proposals under the same budget line within 2 years before the deadline for receipt of applications, it should be submitted, instead of the statutes or articles of association, a copy of the document proving their eligibility in a former Call (e.g. a copy of the special conditions of a grant contract received during the reference period), unless a change in legal status has occurred in the meantime<sup>11</sup>. This obligation does not apply to international organisations which have signed a framework agreement with the European Commission.
2. An external audit report produced by an approved auditor, certifying the applicant's accounts for the last financial year available where the total amount of the grant exceeds EUR 750 000 (EUR 100 000 for an operating grant). The external audit report is not required from (if any) the co-applicant(s)).

This obligation does not apply to public bodies and international organisations provided that the international organisation in question offers the guarantees provided for in the applicable Financial Regulation, as described in Chapter 6 of the Practical Guide.

3. A copy of the applicant's latest accounts (the profit and loss account and the balance sheet for the last financial year for which the accounts have been closed)<sup>12</sup>. A copy of the latest account is neither required from (if any) the co-applicant(s) nor from (if any) affiliated entity(ies)).
4. Legal entity sheet (see annex D of these Guidelines) duly completed and signed by each of the applicants (i.e by the applicant and (if any) by each co-applicant(s), accompanied by the justifying

---

<sup>9</sup> No supporting document will be requested for applications for a grant not exceeding EUR 60000.

<sup>10</sup> Where the applicant and/or a co-applicant(s) and or an affiliated entity(ies) is a public body created by a law, a copy of the said law must be provided.

<sup>11</sup> To be inserted only where the eligibility conditions have not changed from one call for proposals to the other.

<sup>12</sup> This obligation does not apply to natural persons who have received a scholarship or that are in most need in receipt of direct support, nor to public bodies and to international organisations. It does not apply either when the accounts are in practice the same documents as the external audit report already provided pursuant to Section 2.4.2.

documents requested there. If the applicants have already signed a contract with the Contracting Authority, instead of the legal entity sheet and supporting documents, the legal entity number may be provided, unless a change in legal status occurred in the meantime.

5. A financial identification form of the applicant (not from co-applicant(s)) conforming to the model attached at Annex E of these Guidelines, certified by the bank to which the payments will be made. This bank should be located in the country where the applicant is established. If the applicant has already submitted a financial identification form in the past for a contract where the European Commission was in charge of the payments and intends to use the same bank account, a copy of the previous financial identification form may be provided instead.

Where the requested supporting documents are not uploaded in PADOR they must be supplied in the form of originals, photocopies or scanned versions (i.e. showing legible stamps, signatures and dates) of the said originals. However, the Legal entity sheet and the financial identification form must always be submitted in original.

Where such documents are not in one of the official languages of the European Union, a translation into English of the relevant parts of these documents proving the applicant(s)'s eligibility must be attached for the purpose of analysing the application.

Where these documents are in an official language of the European Union other than English, it is **strongly** recommended, in order to facilitate the evaluation, to provide a translation of the relevant parts of the documents, proving the applicants' eligibility, into English.

If the abovementioned supporting documents are not provided before the deadline indicated in the request for supporting documents sent to the applicant by the Contracting Authority, the application may be rejected.

After verifying the supporting documents, the Evaluation Committee will make a final recommendation to the Contracting Authority, which will decide on the award of grants.

N.B.: In the eventuality that the Contracting Authority is not satisfied with the strength, solidity, and guarantee offered by the structural link between one of the applicants and its affiliated entity, it can require the submission of the missing documents allowing for its conversion into co-applicant. If all the missing documents for co-applicants are submitted, and provided all necessary eligibility criteria are fulfilled, the above mentioned entity becomes a co-applicant for all purposes. The applicant has to submit the application form revised accordingly.

## **2.5. NOTIFICATION OF THE CONTRACTING AUTHORITY'S DECISION**

### ***2.5.1. Content of the decision***

The applicants will be informed in writing of the Contracting Authority's decision concerning their application and, if rejected, the reasons for the negative decision.

An applicant believing that it has been harmed by an error or irregularity during the award process may lodge a complaint. See further Section 2.4.15 of the Practical Guide.

## 2.6. CONDITIONS FOR IMPLEMENTATION AFTER THE CONTRACTING AUTHORITY'S DECISION TO AWARD A GRANT

Following the decision to award a grant, the Beneficiary(ies) will be offered a contract based on the Contracting Authority's grant contract (see Annex G of these Guidelines). By signing the application form (Annex A of these Guidelines), the applicants agree, if awarded a grant, to accept the contractual conditions of the standard grant contract.

### Implementation contracts

Where implementation of the action requires the Beneficiary(ies) and its affiliated entity(ies) (if any) to award procurement contracts, those contracts must be awarded in accordance with Annex IV to the standard grant contract.

<sup>13</sup> Note that according to the financial regulation, in direct management, applicants must be notified the outcome of the evaluation of their applications within 6 months following the submission deadline of the full application. This time-limit may be exceeded in exceptional cases, in particular for complex actions (including Multi-beneficiary calls), large number of proposals or in case of delays attributable to the applicants.

<sup>14</sup> Note that according to the financial regulation, in direct management the grant contract must be signed within 3 months following the notification of the award decision. This time-limit may be exceeded in exceptional cases, in particular for complex actions (including Multi-beneficiary calls), large number of proposals or in case of delays attributable to the applicants.

## **2.7. EARLY WARNING SYSTEM AND CENTRAL EXCLUSION DATABASE**
