## 1. INTRODUCTION – BACKGROUND

There are approximately 80 million persons with disabilities in the European Union. The recognition of disability status and the allocation of related benefits are matters of national competence. There is no mutual recognition between Member States of the disability status. This makes things difficult for persons with disabilities travelling to another EU country, who are often not treated equally to nationals as their disability cards / status are not always recognised outside their countries.

The **European Disability Forum** (EDF), an EU wide civil society organisation representing the 80 million persons with disabilities living in the EU, has consistently called for an EU-model Disability Card and issued a position paper in 2011.<sup>1</sup> In 2012, EDF conducted a survey among its members and made recommendation on a common model European disability card for mutual recognition of disability status.<sup>2</sup>

To address this situation and to facilitate persons with disabilities' right to free movement, work started with a view to create a **system of mutual recognition between the Member States** based on a single **European model disability card**.

One of the actions<sup>3</sup> proposed with the European Disability Strategy 2010-2020<sup>4</sup> was to study the implications of a voluntary mutual recognition of disability cards and related entitlements. In 2011, the Academic Network of European Disability experts (ANED) produced the study "**Disability Benefits and Entitlements in European Countries**" and an annotated database of examples.<sup>5</sup>

The development of such a card was one of the actions put forward by the Commission in its **EU Citizenship Report 2013**.<sup>6</sup> "*Action 6: The Commission will facilitate the mobility of persons with disabilities within the EU by supporting, in 2014, the development of a **mutually recognised EU disability card to ensure equal access within the EU to certain specific benefits** (mainly in the areas of transport, tourism, culture and leisure).*" The Citizenship report mentioned the launch of a pilot initiative to develop a mutually recognised EU disability card that would facilitate equal treatment of persons with disabilities who travel to other EU countries, when it comes to access to transport, tourism, culture, and leisure.

In 2013, the Commission launched a **Project Working Group** (PWG) on the Disability Card with representatives of interested Member States<sup>7</sup> and civil society (EDF). The PWG exchanged information on benefits granted at national level, discussed the packages of benefits that the Member States would be willing to make available to cardholders from other Member States, as well as discussed more practical issues such as the features of the card and how to make the mutual recognition system work. The PWG met four times, in July and October 2013, February and September 2014.

The action is in accordance with Article 21 (1) and 26 (2) of **the Treaty on the Functioning of the European Union** (TFEU), which read:

- 21 (1) "Every citizen shall have the right to move and reside freely within the territory of the Member States (...)"
- 26 (2) "The internal market shall comprise an area without internal frontiers in which the free movement of goods, persons, services and capital is ensured in accordance with the provisions of the Treaties."

In addition it is in line with Article 26 of **the Charter of Fundamental Rights of the European Union**:

- "Integration of persons with disabilities  
The Union recognises and respects the right of persons with disabilities to benefit from measures designed to ensure their independence, social and occupational integration and participation in the life of the community."

Finally, this action would contribute to the fulfilment of the EU's obligations deriving from **the UN Convention on the Rights of Persons with Disabilities** that the EU acceded to in 2011.<sup>8</sup>

The call is based on the annual work programme for the implementation of **the Rights, Equality and Citizen Programme** in 2014; the Commission Implementing Decision was approved on 24.4.2014 as C(2014) 2557 final.<sup>9</sup>

The Rights, Equality and Citizenship Programme 2014-2020 has nine objectives.<sup>10</sup> The call is addressing the objective to promote rights of persons with disabilities.

## **2. OBJECTIVE, PRIORITIES AND ACTIVITIES TO BE FUNDED**

**The EU Disability Card will be operational only in the Member States (to their nationals and residents) in which projects will be implemented as a result of this call.**

The objective is to support the creation of a Card that will imply mutual recognition of the disability status in the participating Member States. Such a Card will allow persons with disabilities from participating Member States travelling to other EU Member States also participating in the project to show they have a certified disability status in their home Member State.

The Card will not change national eligibility criteria or rules. Member States will retain their discretion to decide who is eligible to receive the Card, using the national definition of disability, and to determine the issuing procedure.

<sup>10</sup>

1. Promote non-discrimination
2. Combat racism, xenophobia, homophobia and other forms of intolerance
3. Promote rights of persons with disabilities
4. Promote equality between women and men and gender mainstreaming
5. Prevent violence against children, young people, women and other groups at risk (Daphne)
6. Promote the rights of the child
7. Ensure the highest level of data protection
8. Promote the rights deriving from Union citizenship
9. Enforce consumer rights

In the areas covered by the Card, national service providers would provide to holders of the EU Disability Card the same benefits as to national card holders, thus allowing equal treatment of persons with disabilities who travel to other EU countries and facilitating their mobility.

Benefits to be granted are in **some or all of the following areas**: culture, leisure, transports and sport in the form of price reductions/discounts, free entrances or services. **This flexible approach in the package of areas to be covered was favoured by most of the Member States participating in PWG.**

This Card will not change the benefits offered at national level, it would simply make certain benefits, as determined by each participating Member State, available to holders of the Card from other Member States.

As concerns the features of the Card, it will have a common format, agreed at EU-level (harmonised design). The card will have simple features to allow its production with a minimum cost. There should be a picture on the Card, a name and an expiry date.

The production of the card will be done at national level, as is the case for the EU model Parking Card for persons with disabilities.

A simple and accessible EU webpage on "europa" will be created with links to the national websites where further information could be found, also available in accessible format to persons with disabilities:

[http://ec.europa.eu/ipg/standards/accessibility/index\\_en.htm](http://ec.europa.eu/ipg/standards/accessibility/index_en.htm)

### **Description of priorities and activities to be funded under this call for proposals:**

The call aims to support the **launch and start-up up phase of the EU Disability Card in the Member States that are participating in the Project Working Group.**<sup>11</sup>

In particular the support will contribute to:

**Priority 1: Setting up or reinforcing the respective EU Disability Card national organisations (DCNOs:** governmental or non-governmental entities) whose main tasks will be: a) issuing the card; and b) maintaining contacts with service providers regarding the benefits to be included.

Support will in particular contribute to these activities:

- the organisational set up or reinforcement of the DCNO, including the reinforcement of human resources (such as hiring of additional staff) and/or material resources (such as purchasing the necessary equipment and software);
- the issuing of the EU Disability Card (using the common design), production, printing, issuing of the card and the establishment of anti-fraud measures.

---

<sup>11</sup> Belgium, Bulgaria, Cyprus, Estonia, Finland, France, Germany, Greece, Hungary, Italy, Malta, Poland, Portugal, Romania, Slovakia, Slovenia and Spain

**Priority 2: Establishing the respective national package of benefits** that Member States are ready to mutualise and taking the necessary national measures to make that possible.

Support will in particular contribute to these activities:

- the collection of data, creation of a list of benefits provided, for example by means of a database;
- an information and publicity campaign both towards users and towards providers;
- creating the national website with clear information also in accessible format on responsible bodies and benefits provided and allowing its link with the EU webpage.

The International Day of Persons with Disabilities on 3 December 2016 should be a milestone in the implementation of the selected actions. By this date, either the Card should be issued or an important stage of implementation should be reached (e.g. the system in place, important awareness raising action / campaign concluded). The EU will use this date to announce that the EU Disability Card is operational in some EU Member States.

Applicants must demonstrate in their proposal that they accept the main principles for cooperating in the EU Disability Card system (including the common design of the Card) and how they intend to ensure its sustainability after the finalisation of this action (see award criteria under section 9).

The EU Disability Card should be sustainable and not dependent on continued EU funding.

The Commission intends to fund one proposal per Member State participating in the Project Working Group; in the case of involvement of several eligible entities in the same Member State, the application should be introduced by a consortium (lead applicant + co-applicant(s)).

The total budget earmarked for the co-financing of projects under this call for proposals is estimated at EUR 1,550,000.

The requested EU contribution cannot exceed 80% of the total eligible costs of the action. The applicant must guarantee the co-financing of the remaining 20% covered from sources other than the budget of the European Union. Applicant(s) must submit with their application a letter (or letters) of commitment confirming the amount of their co-financing (see Annex II – checklist item n°5).

Contributions in kind are not accepted as co-financing.

The requested EU contribution cannot be lower than EUR 75 000.

The Commission intends to fund 1 proposal per Member State. The Commission reserves the right not to distribute all the funds available.

## **5. ADMISSIBILITY REQUIREMENTS**

- Applications must be submitted electronically and sent in hard copy no later than the deadline for submitting applications referred to in section 3(b).
- Applications must be submitted in writing (see section 14), using the application form and electronic submission system available at <https://webgate.ec.europa.eu/swim> as well as in paper version by post or courier service (see sections 14 and 15).

Failure to comply with those requirements will lead to the rejection of the application.

Applicants are encouraged to submit their project proposal in English to facilitate treatment of the proposals and speed up the evaluation process. It should be noted, however, that applications in all official languages of the EU will be accepted. All proposals should be accompanied by an executive summary in English, French or German (checklist point 3).

## **6. ELIGIBILITY CRITERIA**

### **6.1. Eligible applicants**

**To be eligible**, grant applicants must comply with all the following criteria:

Applicants (sole applicants or, in the case of a consortium, lead applicant and co-applicants) must:

- Be properly constituted and registered legal entities, having their registered office in one of the EU Member States participating in the Project Working Group on the development of the EU Disability Card (PWG)<sup>12</sup>;
- Be either a public entity or non-profit organisation officially designated in writing by the relevant national authority.

---

<sup>12</sup> Belgium, Bulgaria, Cyprus, Estonia, Finland, France, Germany, Greece, Hungary, Italy, Malta, Poland, Portugal, Romania, Slovakia, Slovenia and Spain

In order to assess the applicants' eligibility, the supporting documents relating to their legal status indicated in Annex II and, in the case of consortia, a letter of commitment and a mandate are requested.

## 6.2. Eligibility of applications

To be eligible, applications must:

- Concern actions to be fully carried out in one of the Member States participating in the Project Working Group;
- Comply with the EU co-financing percentage of maximum 80% as set in section 4;
- Not request an EU contribution of less than EUR 75 000.
- Be complete and include all the documents indicated in the table in Annex II. At the submission of the application, copies of the signed originals will be accepted for most of the documents to be submitted by the co-applicants. However, the lead applicant shall keep the original signed versions for its records because originals may have to be submitted for certain documents at a later stage. If the lead applicant fails to submit these original documents within the deadline given by the Commission, the application will be rejected for lack of compliance with this eligibility criterion.

## 6.3. Implementation period

Activities must start within two months after the signature of the grant agreement.

The indicative duration of activities can be up to 18 months.

Applications for projects scheduled to run for a longer period will not be accepted.

Applicants should note that **they may receive the grant agreement after the start date of the action** that they have foreseen. It is, therefore, advisable to number the months in the work programme instead of indicating the name of the months in order to avoid having to provide an updated action plan if the project should be selected. Nevertheless, any expenditure incurred before signature of the grant agreement by both parties is at the applicant's risk.

## 7. EXCLUSION CRITERIA

Applicants (= lead and co-applicant(s)) must be in conformity with Articles 106(1) and 107 to 109 of the Financial Regulation.

### 7.1. Exclusion from participation:

Applicants will be excluded from participating in the call for proposals procedure if they are in any of the following situations:

- (a) they are bankrupt or being wound up, are having their affairs administered by the courts, have entered into an arrangement with creditors, have suspended business activities, are the subject of proceedings concerning those matters, or are in any analogous situation arising from a similar procedure provided for in national legislation or regulations;
- (b) they or persons having powers of representation, decision making or control over them have been convicted of an offence concerning their professional conduct by a

judgment of a competent authority of a Member State which has the force of res judicata;

- (d) they are not in compliance with their obligations relating to the payment of social security contributions or the payment of taxes in accordance with the legal provisions of the country in which they are established or with those of the country of the RAO or those of the country where the grant agreement is to be performed;
- (e) they or persons having powers of representation, decision making or control over them have been the subject of a judgment which has the force of res judicata for fraud, corruption, involvement in a criminal organisation, money laundering or any other illegal activity, where such an illegal activity is detrimental to the Union's financial interests;
- (f) they are currently subject to an administrative penalty referred to in Article 109(1) of the Financial Regulation.

- (a) are subject to a conflict of interest;
- (b) are guilty of misrepresentation in supplying the information required by the Commission as a condition of participation in the grant award procedure or fail to supply this information;
- (c) find themselves in one of the situations of exclusion, referred to in section 7.1.

Only organisations with the necessary financial and operational capacity described below may be considered for the award of a grant. Financial and operational capacity of the applicant must correspond to the following definitions:

### **8.1. Financial capacity**

Applicants (= lead and co-applicant) must have stable and sufficient sources of funding to maintain their activity throughout the period during which the action is being carried out or the year for which the grant is awarded and to participate in its funding.

The applicants' financial capacity will be assessed on the basis of the following supporting documents to be submitted with the application:

- a declaration on their honour;
- the profit and loss account, the balance sheet for the last financial year for which the accounts were closed;

For grants request for more than EUR 750 000, additionally:

**The verification of financial capacity will not apply to public bodies.**

## 8.2. Operational capacity

Applicants (= lead and co-applicant(s)) must have the operational and professional competencies as well as appropriate qualifications to implement and/or coordinate the proposed action taking into account the specific requirements for the implementation of the EU Disability Card and to maintain its activities during the period of implementation of the proposed action.

However, the RAO may, depending on a risk assessment, waive the obligation to verify the operational capacity of public bodies.

The operational capacity should be proven by the declaration on honour and the curriculum vitae mentioned in Annex II, as well as the information provided in the required sections (F.1 and F.3) of the SWIM application form on the operational structure of the lead and co-applicants and on previous and current actions undertaken by them.

-----

If the lead applicant is considered not to have the required financial or operational capacity, the application as a whole will be rejected. If a co-applicant is considered not to have the required financial or operational capacity, this co-applicant will be removed from the consortium and the application will be evaluated on that basis. In addition, the costs that are allocated to the non-eligible co-applicant will be removed from the budget. If the application is accepted, the work programme will have to be adapted as appropriate.

## 9. AWARD CRITERIA

The grants will be awarded following an assessment of the proposals on the basis of the following criteria. Only proposals obtaining at least 60 points and at least 50% of the maximum number of points for each criterion can be selected for funding.

Upon a reasoned and duly substantiated request by the beneficiary, the publication shall be waived if such disclosure risks threatening the rights and freedoms of individuals concerned as protected by the Charter of Fundamental Rights of the European Union or harm the commercial interests of the beneficiaries.

Please make sure that the full set of **the application form and all accompanying documents** are sent by post by the deadline.

Additional documents sent by post, by fax or by electronic mail after the deadlines mentioned above will not be considered for evaluation unless requested by the European Commission.

The applicant's attention is also drawn to the fact that incomplete or unsigned forms, hand-written forms and those sent by fax or e-mail will not be taken into consideration.

The information contained in the present call document together with the Financial Guidelines for Applicants provides all the information you require to submit an application. Please read it carefully before doing so, paying particular attention to the priorities of the present call.

## **15. EVALUATION PROCESS**

Applications will be assessed by an independent Evaluation Committee. The work of the Evaluation Committee consists in assessing each of the applications against the exclusion, eligibility, selection and award criteria.

Applications which are not submitted both on-line and in hard copy by the deadline will automatically be rejected. After the deadline for submission of proposals, the Commission may contact the applicant to request clarification. Failure to reply to the clarification request will invalidate the application.

Only proposals which satisfy the exclusion and eligibility criteria will be evaluated further against selection and award criteria. The Evaluation Committee will recommend a number of proposals for funding, taking into consideration the quality of the proposals and the budget available.

The Commission will inform each applicant of the final decision taken and will provide feedback on the evaluation of their application.

## 16. CONTACT

Contacts between the contracting authority and potential applicants can only take place in certain circumstances and under the following conditions:

Questions may be sent to the above address no later than 10 days before the deadline for the submission of proposals. The Contracting Authority has no obligation to provide clarifications to questions received after this date. In the interest of equal treatment of applicants, the Commission cannot give a prior opinion on the eligibility of an applicant or an action or on the outcome of the call before the official publication of results.

The Commission may, on its own initiative, inform interested parties of any error, inaccuracy, omission or other clerical error in the text of the call for proposals.

## 17. SUPPORTING DOCUMENTS

The table in Annex II includes the documents that must be provided with the application. It also indicates where originals are required. We recommend that applicants use the table as a **checklist** in order to verify compliance with all requirements.

Please note that for the following documents, the official templates, which can be accessed via the SWIM electronic application form, must be used:

- declaration on honour;
- letter of mandate;
- financial identification form;

- legal entity form;
- letter of commitment;
- form concerning contracts for implementing the action.

Other documents need to be completed and attached electronically, usually either administrative documents or free format text descriptions. The SWIM application indicates in each section which and where the duly completed official templates and free format documents can be uploaded electronically.

At the submission of the application file, **copies of the signed originals** will be accepted for most of the documents to be submitted by the co-applicants. However, the lead applicant shall keep the original signed versions for its records, because **originals** may have to be submitted for certain documents at a later stage (see Annex II = checklist). **If the lead applicant fails to submit these original documents within the deadline given by the Commission, the proposal will be rejected for lack of compliance with this eligibility criterion.**
