INDEPENDENT AUDITOR'S REPORT

To the Board of Directors and Shareholders
of USA Basque Trade and Investment, Inc.

Opinion

We have audited the accompanying financial statements of USA Basque Trade and Investment, Inc. (a District of Columbia corporation), which comprise the balance sheets as of December 31, 2025 and 2024, and the related statements of operations, changes in stockholder's equity, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of USA Basque Trade and Investment, Inc. as of December 31, 2025 and 2024, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of USA Basque Trade and Investment, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about USA Basque Trade and Investment, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of USA Basque Trade and Investment, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about USA Basque Trade and Investment, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Restriction on Use

This report is intended solely for the information and use of SPRI group and the management of USA Basque Trade and Investment, Inc. This report is not intended to be and should not be used by anyone other than these specified parties.

NOTE 1 – BASIS OF PRESENTATION AND NATURE OF ORGANIZATION

Basis of Presentation

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") on the accrual basis of accounting.

Nature of Organization

In December 8, 2017, USA Basque Trade and Investment Inc. (the "Company") was incorporated in the District of Columbia. The Company started operation in June 2018. The Company is wholly owned subsidiary of SPRI Group ("Parent"). The SPRI Group aims to support, promote, and contribute to the competitive improvement of Basque companies.

The Company provides comprehensive support to Basque companies to facilitate its access to the American market and its process of implantation in it, as well as developing relationships with public and private U.S. entities in favor of the interests of Basque companies in the country.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Contribution Revenue

The Company receives contributions from the Parent to operate and provide its services. The contributions are subject to a budget approved by the Basque Parliament. Nevertheless, the contributions do not involve specific arrangement with reciprocal exchange between the Company and the Parent.

The Parent provides two forms of contribution to the Company: i) Contributions to fund operating expenses; ii) Contributions to fund capital investments. The contributions to fund capital investments are recognized as other income in the statement of operations as the capital investments are depreciated over their useful life.

Fixed Assets

Fixed assets are stated at cost, less accumulated depreciation. Depreciation is calculated using the double declining method over the estimated useful lives. Depreciation expenses for the years ended December 31, 2025 and 2024, were $534 and $1,174, respectively.

The estimated useful lives of the assets are:

Category	Estimated Useful Life
Office furniture and fixtures	7 years
Equipment	5 years

As of December 31, 2025, the net book values of the Company's fixed assets were the following:

Category	Cost	Accumulated Depreciation	Net Book Value
Office Furniture and Fixtures	$ 8,297	$ (8,294)	$ 3
Equipment	6,927	(6,674)	253
Total	$ 15,224	$ (14,968)	$ 256

As of December 31, 2024, the net book values of the Company's fixed assets were the following:

Category	Cost	Accumulated Depreciation	Net Book Value
Office Furniture and Fixtures	$ 8,297	$ (7,928)	$ 369
Equipment	6,927	(6,506)	421
Total	$ 15,224	$ (14,434)	$ 790

Leases

The Company accounted for operating leases in accordance with the Financial Accounting Standards Board's Accounting Standard Codification ("ASC") 842, *Leases* ("ASC 842"), which requires operating leases to be recorded on the balance sheet as right-of-use asset and lease liabilities.

For any new or modified lease, the Company, at the inception of the contract, determines whether a contract is or contains a lease based on whether the Company has the right to control the asset during the contract period and other facts and circumstances. Operating leases are initially recognized based on the discounted future lease payments over the term of the lease.

As the rate implicit in the Company's lease is not easily determinable, the Company elected to compute its operating lease liability using a risk-free discount rate, corresponding to a comparable period of the lease term. The Company has elected to combine and account for the lease and non-lease components as a single lease component. The variable lease expense associated with the lease and non-lease components includes expenses such as common area maintenance, utilities, and repairs and maintenance.

NOTE 3 – OPERATING LEASE

In June 2018, the Company entered into an office lease contract for the period beginning August 1, 2018 to January 31, 2026. The lease contract states that the annual lease payment will increase 2.5% every 12 months from the inception of the lease. The lease contract also provides for one-month rent abatement to occur for once a year in August for the entire term of the lease. Total lease expenses for the years ended December 31, 2025 and 2024 were $101,850 and $113,771, respectively. For the year ended December 31, 2025 and 2024, the total variable lease expense component amounted to $5,920 and $27,850, respectively and were included in rent expenses on the statement of operations.

For the years ended December 31, 2025 and 2024, the cash paid by the Company corresponding to the amounts included in the measurement of the lease liability was $95,930 and $85,920, respectively. As of December 31, 2025, and 2024, the discount rate used in the measurement of the lease liability was 1.21%.

At December 31, 2025, the Company's current lease liability of $8,096 represents the present value of the remaining lease payment under the operating lease agreement expiring in January 2026. Due to the short remaining lease term, the lease liability approximates the undiscounted payment amount.

NOTE 4 – RELATED PARTY TRANSACTIONS

The Company is financially dependent on the Parent to carry out its operating activities. The contribution revenue received from the Parent were $550,689 and $460,204 for 2025 and 2024, respectively. Also, the Company recognized other income of $534 and $1,174 in 2025 and 2024, respectively, to account for depreciable capital assets.

For the year ended December 31, 2025, the Company had a deficit in contribution to account for its operating expense that resulted in an amount due from the Parent. At December 31, 2025, the balance due from Parent was $14,315 which is recorded under current assets in the balance sheets.

For the year ended December 31, 2024, the Company had a surplus in contribution to account for its operating expense that resulted in an amount due to the Parent. At December 31, 2024, the balance due to Parent was $22,680 which is recorded under current liability in the balance sheets.

NOTE 5 – COMPENSATION AND BENEFITS

The Company employed three full-time employees at December 31, 2025 and 2024. The related compensation and benefits costs for each year are as follows:

	2025	2024
Salary	$ 262,020	$ 185,860
Payroll Taxes	22,172	15,796
Medical Insurance	75,516	63,681
Total Compensation and Benefits	$ 359,708	$ 265,337

At December 31, 2025, the Company had accrued approximately $6,310 in compensation payable, which represents the 2.5% increase in the annual compensation approved that had not been paid as of year-end.

NOTE 6 – RISKS AND UNCERTAINTIES

Cash

The Company maintains its cash balance in a financial institution that is a member of the Federal Deposit Insurance Corporation (FDIC). The cash account is insured up to $250,000. The Company has not experienced any losses in this account and believes it is not exposed to any significant credit risk on its cash.

NOTE 7 – INCOME TAXES

Income taxes are accounted for under the asset and liability method as prescribed by ASC Topic 740, *Income Taxes* ("ASC 740"). Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases of assets and liabilities. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. Deferred tax assets are reduced by a valuation allowance, when in the Company's opinion it is likely that some portion or the entire deferred tax asset will not be realized. At December 31, 2025 and 2024, the total estimated federal and state income tax payable were approximately $493 and $775, respectively.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Company and recognize a tax liability if the Company has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Management has analyzed the tax positions taken

and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Company is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – CONTINGENCIES

From time to time the Company may be involved in various legal matters and proceedings arising in the ordinary course of operation. As of December 31, 2025 and 2024, there were no active claims and litigations pending against the Company.

NOTE 9 – SUBSEQUENT EVENTS

On January 23, 2026, the Company signed an operating lease agreement for its new office space. The lease term is 120 months, commencing on the earlier of August 1, 2026, or the date tenant improvements are substantially complete.

Monthly base rent will be approximately $11,000, subject to annual increases of 4%. The lease contains an option for the Company to terminate the lease after the 84th month, subject to payment of a termination fee.

Management has evaluated subsequent events through February 10, 2026, the date the financial statements were available to be issued. Except as disclosed above, there were no other material subsequent events that required recognition or disclosure in these financial statements.
