
PRELIMINARY DECLARATION

«As peace is the most difficult, yet at the same time the most vehement longing among people, the delegations present at this Second Congress of Basque Communities, with the serene perspective provided by distance, support the Basque society, the Government of Euskadi and other Basque institutions in their determination to carry forward the peace process which has already been set into motion and in which we are committed.»*

* Text that was submitted to the Assembly by Mr. Francisco Igartua and the Peruvian delegation and that was approved unanimously.
